3-DAY WEEKEND GETAWAY & SHOOTING EXPERIENCE

*This October in the Southern Rocky Mountains
Fri 9/30 - Sun 10/2/2022*

Join Me for a 3-Day Weekend Getaway this October!

Just recently an opportunity presented itself for us to hold our very first Fall Shooting Camp, and I quickly jumped on this! I wanted to extend to you... and especially to those in the past who have wanted to experience a memorable time with us shooting in the mountains but could not take off an entire week... a rare opportunity to join me and my staff for an upcoming 3-Day Weekend Getaway and Shooting Experience in the Southern Rocky Mountains this Fall.

With all that is presenting itself in the world today, I feel it is vitally important for us to brush up on our firearms training, and what better place to do this than during the changing of the leaves in the Fall in the majestic mountains. Did I mention the weather in October is in the low 50s at night and during the day the high is 70?

Even though it is 8 weeks away, I want to remind you to be good to yourself, take the time out of the busyness of life to gift yourself or that special someone, an unforgettable, memorable experience of a lifetime. You are not too old, and it is not too late to enjoy a NEW experience. We just had a father and son team join us last month during our Shooting Camp who made lifetime memories together as they trained with their firearms in the mountains. It truly was beautiful to behold.

This 3-Day Weekend will truly be an UNMATCHABLE EXPERIENCE, and I Would Like to Share it *with You*.

The Southern Rockies Shooting Camp and Mountain Retreat is located south of Cloudcroft, New Mexico, and is nestled in the quiet pine tree covered mountainside. Through private instruction, you will develop new abilities while achieving confidence, growth and a sense of accomplishment. Shooting Camp is designed to teach skills and safety while giving experienced marksmen an opportunity to test and perfect their shooting abilities.

During Shooting Camp our goal is to help equip and prepare you to be able to protect and defend yourself with your firearm in a unique fun environment. Due to the pace of instruction, Shooting Camp is not a place to learn how to shoot. You should have basic skills before arriving, and all firearms must be zeroed before arriving. We do not have time during class to do this. However, if you would like to attend and have little firearms experience, then please call me to get enrolled in some of our foundational classes or take some private lessons to get you up to speed so you can enjoy Shooting Camp.

I would like to personally invite you to come celebrate this unique, FIRST TIME OFFERED, 3-Day Weekend Getaway Shooting Experience with me and my staff. We plan on selling out, and only have a limited number who can attend. If you are interested in going and would like to join us on this incredible adventure, follow the 2 steps below. For additional information, please contact me at: chris@proactivedefense.net or 817-919-7990.

Anticipating a Memorable Time *with You*,
Chris Rainey
Owner of Proactive Defense

I'm Ready To Go! What's Next?
